DX Contest Results-Phone

Frank Anzalone, W1WY

14 Sherwood Road
Stamford, Conn.

The winner and new champion—Ami Shami, 4X4DK, with a record breaking score of 532,620 points. This means that 4X4DK will receive the W2SKE trophy which Bill Leonard is donating to the Top Man in the All Band Phone section. Ami is located in a strategic spot where almost everything he worked was a "3 pointer." Multiply this by next to the highest number of QSOs and a good zone/country multiplier and you have a combination that is pretty hard to beat. He did this with only 250 watts to a wide variety of dipoles for each band. Of course a little contest savvy and continuous operation also helped.

A look at the Top Ten will give you a good idea of how the boys stack up. You will note that a couple of our boys were right in there too. K2AAA on the east coast and W6YY on the west coast are the leaders for the United States. Don turned in an all around bang up job while John came up with the highest zone multiplier, 109. Other highs were G3AWZ with a 229 country multiplier and KH6IJ with 757 QSOs had the most contacts. CO2BL always a solid performer, also turned in an excellent score.

The Single Band operators put on a terrific show, with HC1ES leading the pack with 167,940 points on 21 mc. Eric did this with 541 QSOs. That's on *one band*, brother. VQ4RF was not too far behind with 154,453 points on 28 mc. Roy was a stand-out on this band, and realized his ambition of making over 100,000 points on one band. Right behind him was CX2CO with 153,621 points on 21 mc. "Ric" last year's champ and All Band winner, was high with 86 different countries, while CE3DY worked the most zones, 33. The 21 mc band was by far the most popular altho 28 mc was also well populated. However 14 mc, the old standby, can no longer claim the popularity it once held. The 7 mc band is hardly ever thought of as a phone man's para-

K6EVR	189,550
KH6CBP	186,456

dise but the JA boys made good use of it and W3ECR with 21 countries certainly deserves a lot more credit than is indicated by his score. Both the 27 mc and 3.5 mc bands were little used by the Single Band operators altho the All Banders used them to good advantage to fatten up their multiplier.

The Multi-operator scores are not too impressive when compared to the excellent job turned in by the Single Operators. K2GL (ex W2HJR) last year's leader, again leads the gang. I have a feeling that you will be hearing from this group when W2SKE gets back in harness next year. It would seem to me that a well planned and organized group should really run up a terrific score. KH6CBP was a father/son affair. Bill Jr. had his Dad KH6CBQ as an operating aid.

K2GL, Separate Telrex 40 thru 6 meters.

K2AAA's rig.

Val, CO2BL

Helmut, DL1AU

Bob, I1NU/Trieste

All the attention however should not be focused on the leaders. Because of the single band feature of our contest, the little fellow was able to participate and win a certificate to grace the wall of his shack. You do not need a "full gallon" and a 3 EL sky piece to be a winner in our contest. A look at some of the winners will show that many are in the "A" power classification.

[text continued on page 115]

PHONE SECTION SINGLE OPERATOR

Number groups after call letters denote following: Final score, number of QSOs, Zones and Countries. Letter designates power used, A-Up to 35 watts, B-Up to 150 watts; C-Up to 500 watts and D-500 watts and over. Winners are underlined.
